

Frontier Casting Bar

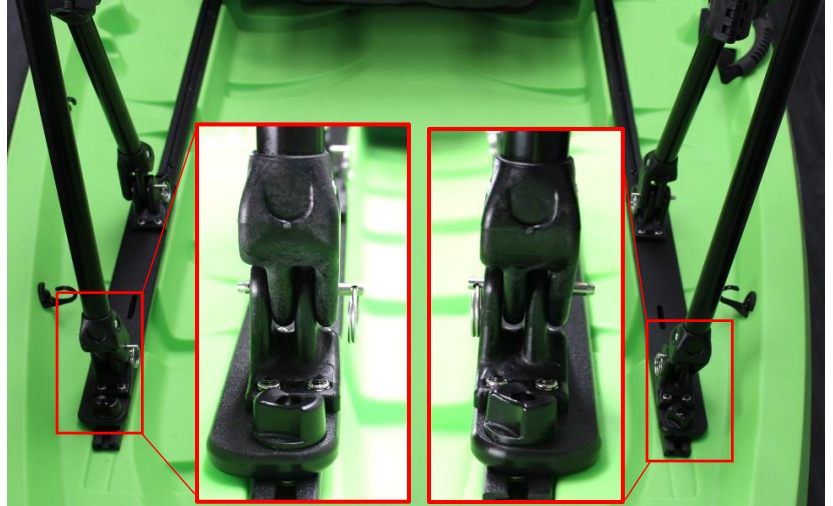

Installation Instructions

Installation video available at <http://www.nucanoe.com/owners-area/>

1. **Install Casting Bar Base & Support Arm** – Support arm to the stern. Base slot and ring on pin (red circles) towards the center of the Frontier.

2. **Install Vertical Bars on Frontier Base Connectors** – Position “fingers” as shown in picture. Insert detent pin, from the center to the outside.

3. **Connect Vertical Bar**– Install through slider on Support Tube. Put female Collet Lock through Vertical Tube

4. **Install Cross Bar** – Insert Vertical Tube in Cross Bar in desired orientation. Push downwards until Cross Bar “bottoms out” on Vertical Tube. Screw Collet Locks to snug.

5. **Lock Slider** – Tighten Cam Lock lever to lock Casting Bar.

6. **READY FOR THE WATER!** – Unlock Cam Lock and laydown flat when not in use.
